DETAILED ACTION

Response to Amendment

1. The Examiner acknowledges Applicant's submission on 9/29/09 including election of group I, claims 1, 2 and 10. Claims 1, 2 and 10 are allowed.

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

2. Claims 1, 2 and 10 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. Claim 1 discloses a system but does not disclose that the system contains a physical hardware device. The claim must be amended to include a hardware device including a mouse which is included in the system.

Allowable Subject Matter

3. Claims 1, 2 and 10 allowed.
4. The following is an examiner's statement of reasons for allowance: With respect to independent claim 1, the combination of Fitzpatrick, Hemenway and Evans disclose a print control operation where a file icon is placed over a print icon. The file icon is of the file to be printed with the printing done through predetermined print conditions of the print icon. Prior art combinations do not disclose that the print icon is limited to specific function among print processing functions and that the print icon is capable of directly designating at least one frequently used function among print processing functions

Art Unit: 2173

possessed by the printer. The combination of the above features with the features of the independent claim 1 makes the claim allowable.

Since claims 2 and 10 depend on claim 1 and include all of the limitations of this claim, claims 2 and 10 are considered allowable for the reasons in which claim1 is allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
